COMBI WASHER

**We are specialist in Manufacturer of COMBI WASHER DOG EAR from India and supplying to Mining Industries.**

DOME PLATE

Dome plates are high load bearing capacity plates that provide optimal support in a range of strata conditions. These plates are typically used with solid bolts.

## SPLIT SET

**Split Sets have been used as a primary roof support in the underground mining environment for many years. The Split Set consists of an open seamed high tensile steel tube with a face plate. One end is tapered for easy insertion into a pre-drilled hole.**
